

I am against the FCC permitting Low Power FM stations to take priority over current FM translator service. K-LOVE radio, often heard on FM translators, serves the local area by bringing music and encouraging messages to listeners that can't be found on any other station. K-LOVE is one of the only stations that is enjoyed by children, including teenagers, and parents alike due to the wide spectrum of music played. In addition to the music, the uplifting messages have inspired people to serve and help others in need. Through K-LOVE's toll free phone line people in despair have been helped through critical times, up to and including prevention of suicide on many occasions over the years. If K-LOVE was not on the air there would be no comparable option for the local community. It is one of the only stations that you can listen to with your children without fear that comments will be made by announcers that you don't want your children to hear and that offensive lyrics in songs won't be heard. It is definitely in the best interest of the public to keep K-LOVE and other stations like it on the air. Thank you for your assistance in keeping K-LOVE on the air in Arizona at 105.5, 89.1, and 100.9 as well as other parts of the USA.

Sincerely,
Marianne Leppien-Oleson
